

Female Leaders: Reflect & Refresh

“Creating Your Authentic Leadership Style” with Chasity Kuttrus

This dynamic and highly interactive 2-day workshop for women leaders provides exercises and modules designed to create **5 Pillars of Personal Development & Success**.

In this fun, engaging and result-oriented program, participants develop their own 5 Pillars by focusing on:

- Defining My Own Personal Mission Statement
- Creating Deliberate Career Growth
- Building My 10 Operative Principles
- Leveraging My Individual Strengths
- Creating My Circle of 5
- Avoiding Career Derailers
- Defining Executive Presence

Participants discuss real situations and case studies to create positive outcomes with a focus on the female “soft-skills” required to develop an environment of success.

You will leave the program with your 5 Pillars defined and a roadmap for your future, which includes action items and built-in accountability plan through a designated Accountability Partner and on-going executive coaching sessions.

This workshop is for all women in current leadership roles as well as aspiring leaders.
